

China (People's Rep.)

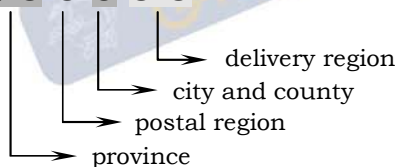

Postcode

Postcode type and position

6 digits to the left of the province name.

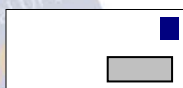

Coding method

2 6 6 0 3 3

Position of the address on the envelope

Bottom right-hand corner

Alignment of address lines

Left-aligned

Address format

An address written in Chinese will start with the biggest geographical component (the province) and end with the smallest one (the addressee). However, the name of the country of destination must be written in an internationally known language.

For the same Chinese address written in the Roman (Latin) alphabet, the format will be used from the smallest geographical component at the top to the biggest at the bottom.
